Non-Responsive

I said that we've reviewed well data with various results in the Dimock area and that what's happening at those locations, may or may not apply to her well. I told her that the DEP will look at her data and let her know if there's a problem.

She asked if she could trust them to tell her the truth and I said yes.

I added that if she had problems or concerns with the data she gets from DEP, and is willing to share it with us, we may have someone available to look at it for her and let her know what we think.

She seemed ok with that.

Subject: Resident Call regarding Dimock on 215-814-3255 on Sunday

Hi Rich

Today I received a call on 215-814-3255 from a resident who lives in the Dimock area regarding their well.

I took her contact information and told her that I would pass it on to you - She would like a call back from you.

Ex. 6 - Personal Privacy

Debbie
